

# COMPASSIONATE HANDS FOR THE DISABLED FUNDRAISING CAMPAIGN

## COMPASSIONATE SAMARITAN PURSE A CHILD SPONSORSHIP PROGRAM

*Empower Every Child: Compassionate  
Hands Fundraising Campaign*

# INTRODUCTION

This campaign marks the beginning of our Samaritan Purse Program, which aims to find sponsors for children in need. Your contributions will kickstart this transformative initiative.

**Compassionate Hands for the Disabled** was born out of a deep-seated commitment to providing unwavering support and care for children with special needs. Established in 2008 within the heart of the Korogocho slums, our organization emerged as a beacon of hope for those often marginalized in society – children facing a diverse range of disabilities, including cognitive and physical impairments, mental health conditions, physical handicaps, and autism.

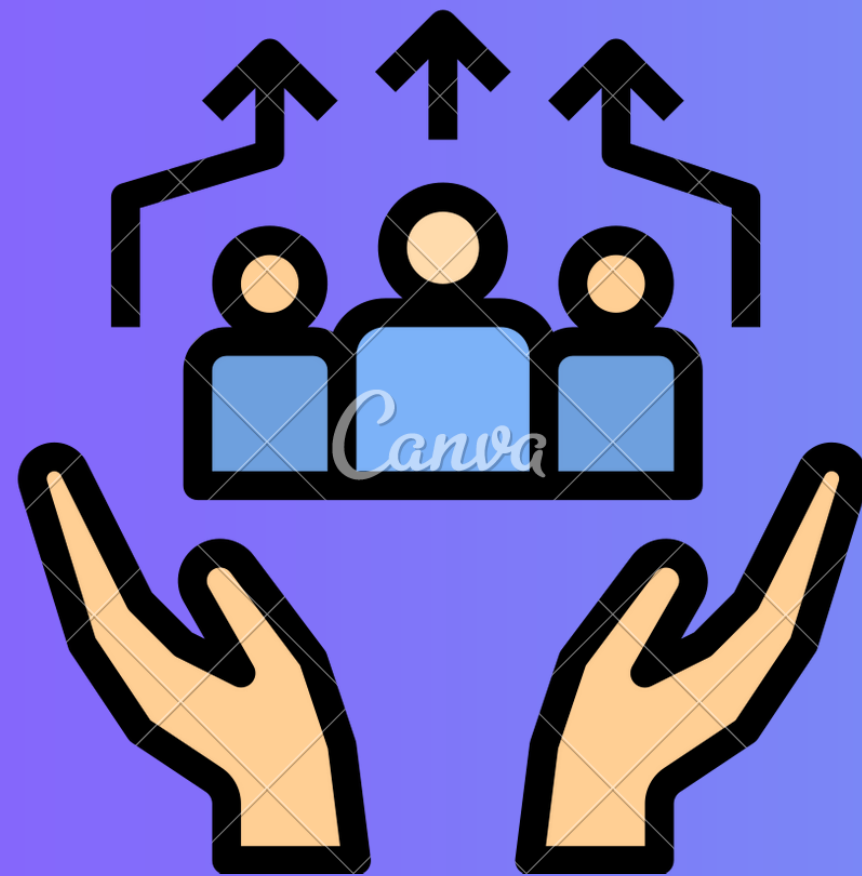

# OUR MISSION

Our mission has been steadfast: to empower these remarkable children, aged between 3 and 18 years, by offering them not only a loving home but also a holistic range of services geared towards enhancing their quality of life. We believe that every child, irrespective of their unique challenges, possesses incredible potential, and our goal is to unlock and nurture that potential.

# SAMARITAN PURSE PROGRAM

Empowering Through Sponsorship

**The Samaritan Purse Program** focuses on finding sponsors for each child, ensuring they receive the care and opportunities they deserve. Your contribution can be the catalyst for a child's transformative journey.

Meet the 106 children waiting for sponsors. Each child has a unique story, and through sponsorship, you become an integral part of their journey towards a brighter future.

# KEY OBJECTIVES

Immediate Impact, Lasting Change

**Comprehensive Care:** Compassionate Hands is dedicated to providing a home where children with special needs receive not just shelter but comprehensive care that addresses their physical, emotional, and educational needs.

**Education and Rehabilitation:** Our focus extends beyond shelter to education and rehabilitation. We recognize the scarcity of inclusive education facilities, and, thus, we adopted special needs curricula. We've sourced professionals capable of crafting programs tailored to each child's specific requirements.

**Health and Well-Being:** The health of our children is paramount. In our commitment to ensuring their well-being, we have implemented programs such as palliative care, physiotherapy, and access to proper health care services.

**Development of Disability-Friendly Environment:** Over the years, we initiated the transformation of our home into a disability-friendly environment. Through successful fundraising campaigns, we acquired land, and constructed disability-friendly dormitories and classrooms, program rooms, a well-equipped rehabilitation center, and outdoor play areas.
